## NICHOLS SLATED FOR ELECTION TO RUTHERFORD SEAT

Democrats From Twenty-Seventh District Name Nichols Candidate.

### ELECTION CALL ISSUED

Republicans to Offer no Opposition to Senator's Candidacy.

(By the Associated Press)  
OKLAHOMA CITY, Dec. 21. — Governor J. B. A. Robertson today issued a proclamation calling a special election in the 27th state senatorial district for December 30, to fill the unexpired term of S. Morton Rutherford of Muskogee.  
The proclamation instructed the state election board to place on the ballots the "name of such persons as may be certified to the board by the joint action of county committees and state committees as may be certified according to law."  
The district includes Muskogee, Haskell and McIntosh counties.  
Senator Rutherford was killed by an automobile at Muskogee last Saturday night.  
MUSKOGEE, Dec. 21. — Political circles said today that it had been agreed by the democratic authorities of McIntosh, Muskogee and Haskell counties comprising the 27th senatorial district, that Clark Nichols of Eufaula, members of the last senate, would be the only democratic nominee to fill Senator Rutherford's unexpired term.  
Republican political authorities announced that they will not furnish any opponent to Nichols.  
Lack of opposition from his own party expels the necessity of a primary. Nichols was named by Governor Robertson a year ago to fill the unexpired term of the late Dr. J. C. Mayfield of Eufaula.

## Potts is Awarded Honor Sweater by Model Clothiers

Frank Potts, for two years a star half back of the Ada high school football team, and member of the second all-state eleven this year, was awarded the honorary sweater given by the Model Clothiers to the most useful man to the high school team at a meeting of the team Wednesday afternoon.  
The meeting was held with Prof. W. A. Hill of the high school and Coach C. Raymond Cox present. Potts was given a unanimous vote for the sweater. He was captain of the 1922 team and is a senior at the school. Potts not only has the honor of being the most useful man to the squad, but his is the largest physically.

He is at present recovering from a sprained ankle received during the football season and expects to be able to come out for basketball early in January. He will also be a member of the track team this spring and may also fill his place at first base on the baseball squad. He made four letters in 1921 and may do so again this year.

### COPENHAGEN PRINCE TO SELL FAMOUS JUTLAND ESTATE

(By the Associated Press)  
COPENHAGEN, Dec. 21. — Prince Eric, whose father and brothers were stripped of their money through the collapse of the Landmansbank, has decided to sell his magnificent Jutland estate at Kokkendal.

Under an assumed name the Prince has lived and worked as a cowboy on a big western ranch in the United States for the last eighteen months. He wrote to a friend here not long ago saying he was quite happy in his work, and that life in the open was the only one worth living.

### Rush Pierce Appointment.

(By the Associated Press)  
WASHINGTON, Dec. 21. — Determined to obtain confirmation before the Christmas recess of the nomination of Pierce Butler, St. Paul attorney, to be an associate justice of the supreme court, republican leaders moved an executive session today within two hours after the senate convened.

## SLIGHT INCREASE IN WEEK'S OIL SUMMARY

(By the Associated Press)  
NEW YORK, Dec. 21. — The daily average gross crude oil production of the United States increased December 16, totaling 1,662,600 barrels, as compared with 1,657,750 barrels for the preceding week, according to the weekly summary of the American Petroleum Institute. The daily average production east of the Rocky Mountains was 1,202,600 barrels as compared with 1,187,750 barrels an increase of 14,850 barrels.  
Oklahoma-Kansas showed a daily average gross production of 501,650 barrels, an increase of 1,750 barrels. In Oklahoma production of the Osage nation was shown as 128,950 barrels against 132,200 barrels; Tonkawa 29, 250 barrels as against 21,550 barrels; Lyons-Quinn pool was 11,600 barrels against 12,700 barrels and output of the Bristow pool was 58,300 barrels against 58,100 barrels.

## Large Fund Spent By Shriners Help Needy Children

Thirty-eight pairs of shoes, 16 coats, 8 sweaters, 11 pairs of pants, 21 dresses, 40 suits of underwear, 79 pairs of hose, 25 caps and 21 miscellaneous items compose the list of donations to the needy children of Ada schools by the Shriners. The total cost runs into hundreds of dollars. The children came from all the schools of the city with the exception of Willard. No children in need of shoes or clothing were found in that school.

One of the Shriners who assisted in the distribution said that heretofore he had not been a strong advocate of charity, but he has changed his mind. His belief is that the joy brought to these children will more than repay the men who donated the money.

### FATHER OF SENATOR HARRELD DIES AT HOME IN ARDMORE

## Women Clubs Launch War to Prevent Re-appearance of Star.

(By the Associated Press)  
LOS ANGELES, Dec. 21. — Roscoe (Fatty) Arbuckle, comedian, today was making ready for his re-entry into motion pictures after January 1, while members of the Los Angeles Federation of Women's clubs announce they could "not recede from their opposition" to his plans.

After Will H. Hays, head of the motion picture industry, announced here yesterday that Arbuckle might have another "chance" to make good the Los Angeles district federation of women's clubs adopted a resolution affirming a previous one opposing his appearance in pictures.  
Mrs. J. C. Urquhart, president of the district, stated that although Arbuckle, at his third trial in San Francisco, had been acquitted of causing the death of Virginia Rappe, screen actress, the testimony was "of such a character as to bar him forever from appearing before a decent, self-respecting public."

"I can truthfully say," she declared, "that the club women of this country will not commend any Arbuckle films and I do not think any film will succeed without our commendation."  
Arbuckle who was barred from the screen last April by Mr. Hays, will be re-employed by Joseph Schneck, producer, it was announced.

The comedian said: "I am very grateful to all those who are helping me and I will prove myself worthy of their faith."

LIVINGSTON, Mont. Dec. 21. — Clergymen here informed that Roscoe Arbuckle had been given a chance to come back in films said:

"Give Fatty a chance."  
Rev. S. McCarthy, president of the Livingston ministerial association added that the organization would not ask motion picture theatres to bar new Arbuckle productions.

WENATCHEE, Wash. Dec. 21. — Pictures showing "Fatty" Arbuckle will not be permitted to be exhibited in Wenatchee, according to George Seaman, chairman of the motion picture censor bureau of the city council.

WALLA WALLA, Wash., Dec. 21. — Pictures showing Roscoe Arbuckle will continue to be barred here, according to Mayor Ben F. Hill. "The sentiment against Arbuckle has not changed here and I see no reason for allowing his pictures to be exhibited," he declared.

The Ministerial Alliance of Ada, composed of pastors of the various churches, will not commend the return to the screen of Roscoe "Fatty" Arbuckle, according to the opinion expressed by prominent members today. No official action has been taken by the association, but indications were that any attempted exhibition of Arbuckle pictures here would be condemned.

Rev. C. C. Morris, pastor of the First Baptist church, stated that personally he was opposed to the return of Arbuckle to pictures. He said he believed he would be correct in saying that the other ministers would back up his stand. Arbuckle has done nothing to warrant another chance, it was pointed out, and his actions in the past were of such nature as to cause his permanent expulsion from motion picture exhibitions.

## Germany May Yet Feel Aid of U. S. Financial Loans

(By the Associated Press)  
WASHINGTON, Dec. 21. — The movement to extend American aid in adjusting the reparations disagreement in Europe has reached a stage where a definite plan of action may be decided on in the near future.

As it now is under consideration the proposed contemplated appointment of an American commission to study economic and industrial conditions in Germany and to fix the total of reparations which the German government may reasonably be expected to pay.

Although all discussion of the project has been of an unofficial character it is the understanding in authoritative circles here that both Great Britain and Germany are willing to accept the award of such a commission.

## WORLD CHESS KING ACCEPTS CHALLENGE

Senor Jose P. Capablanca, world's champion chess player, has just accepted the challenge of Rubinstein, winner of the recent international tournament in Vienna. The match is to be held in England for a \$15,000 purse.

## WAGONER STATE BANK HITS WALL

State Examiner Claims no Official Notice Yet Received.

(By the Associated Press)  
WAGONER, Okla., Dec. 21. — Notice was posted on the entrance of the First State Bank of Wagoner this morning announcing that the affairs of the institution were in the hands of the state bank commissioner. The president, E. F. Case, who purchased a controlling interest in the bank last fall, said he would have a statement as soon as a representative of the state bank commission arrived.

OKLAHOMA CITY, Dec. 21. — Roy Walcott, state bank commissioner, said today when informed that the First State bank at Wagoner had been closed that he had received no official notice of the act. He said an examiner would not be sent to Wagoner until he was thus advised.  
The capital stock of the bank is \$50,000 and the deposits at \$241, 208.88 according to the commissioner, who quoted figures of September 15, the latest available.

### GREEK AND TURK DELEGATES MIX AT LAUSANNE PARLEY

(By the Associated Press)  
LAUSANNE, Dec. 21. — A wordy altercation between ex-premier Venizelos in Greece and Riza Nur Bey, Turkish nationalist delegate, caused Signior Montagna, president of the near east conference commission of minorities to abruptly end this morning's session of the commission. The dispute was over the question of immigration.

### QUARTER MILLION MAY BE ADDED IN TAX DECISION

(By the Associated Press)  
OKLAHOMA CITY, Dec. 21. — Two hundred fifty thousand dollars potential tax revenue to the state is involved in the question of taxing oil said to be in storage in tanks in Washington county, which the state board of equalization will consider at a meeting tomorrow, according to Frank Clark, state auditor.

### DRAMATIC CLOSE IN BOWEN TRIAL

Mother Breaks Down in Courtroom When Told to Review Scenes.

(By the Associated Press)  
OKLAHOMA CITY, Dec. 21. — Alva R. Bowen, on trial here for the murder of his brother, Walter, who he alleges in an emotional insanity plea, to have been intimate with the former Mrs. Alva R. Bowen, may know his fate late today.

Arguments of counsel were expected to be completed by noon and the jury was then to begin deliberation. Both sides rested late yesterday and instructions were read to the jury by District Judge George W. Clark.

The climax of the trial was reached yesterday when Mrs. Gertrude Bowen, Alvin's divorced wife, broke down and had to be led from the courtroom after she was called to the stand to testify for the defense. Asked to tell of the alleged relations between herself and her husband's brother, the former Mrs. Bowen hysterically replied that she "could not answer those questions before my small children."

She was unable to testify after the children had been taken from the courtroom and was excused.

## FELLOWSHIP FUND IS INCREASED BY VISIT

WASHINGTON, Dec. 21. — Former Premier Clemenceau's visit to America added \$20,000 to the American Fidelity Service fund fellowships, Stephen Bonsal, who managed the tour, announced today. The amount is the surplus of money received from lectures and newspaper articles by the "Tiger" after defraying the expenses of his trip.

The war-time premier it was explained, was unwilling to accept financial assistance for his mission and his own means were inadequate, so he accepted lecture and writing contracts to pay his way. He expressed the desire that any surplus be devoted in memory of his study years in the United States, to the fellowships which are intended among other things to stimulate friendship between France and America through the education in each country of young men from the other.

## TWO MORE DAYS LEFT TO SEND IN SANTA FUND

There are only two more days left to send in your contribution to the Santa Claus club empty stocking fund. If you want to have the satisfaction Christmas day of having contributed to the happiness of some cold, shivering child of the city, whose parents are too poor to keep it fed and clothed properly, now is the time to give the donation.

Send the money with your name to Mrs. Orville Snead, secretary of the local charities organization in charge of the distribution of the money. There are hundreds of children in this city who will not know Santa Claus unless those who are financially able, make it possible for them through donations.

If you do not feel like giving a very large amount, there are empty stockings at various stores of the city in which you can drop your coins. This money will be collected Saturday and added to the fund.

The fact that many children will be eating fruit and candy on Christmas day for the first time in two years is enough to make your contribution a source of gratification to you. Boy scouts will distribute the gifts on Christmas day.

The first women's press club in America was founded in New York city in 1893, with Jennie June, Mrs. Frank Leslie, Mrs. Sidney C. Rosenfield and other well known women authors and journalists among the charter members.

## College Students Depart for Holiday Season; Many Entertainments Here.

Christmas is nearly here, with its joys and spirit of good-fellowship. "Peace on earth, good will to all men," is the word of the hour and Ada will do her part in celebrating the momentous event in the proper manner.

First on the program for Christmas week comes observance of the birth of Christ by churches. Appropriate Christmas programs have been announced for practically all of the churches and ministers this week were preparing Christmas sermons. Many of the churches will have trees for the youngsters Sunday evening, and programs in keeping with the Yuletide will be rendered.

Schools of the city will be dismissed at 3:30 o'clock Friday afternoon for ten days of freedom. Schools here will open again on the morning of January 2, 1923. College students were relieved at four o'clock today and will take up their work again on January 2.

Ward schools have been preparing for the Christmas season in the past weeks with making Christmas posters, rendering programs and studying about the season and its meaning. The Yuletide spirit has been very prominent at the college and high school also.

Visiting college students promise to lend enthusiasm to social events during the week and a large number of parties and dances are being planned. The social calendar is already crowded and the week of holiday for the younger set will be filled with entertainment for them.

One of the most important of the dances will be that scheduled for Christmas night by the firemen at the city hall. Church and school organizations and classes have also planned parties for the week. Many families will have Christmas trees in their homes with friends present. Preparations in general have been very elaborate for the season.

Several of the faculty members of the city during the holiday season and a large number of the students are also leaving to spend Christmas with relatives and friends out of town.  
Practically all of the out of town college students are planning to leave this afternoon and tonight for their homes and many of the faculty members will also be out of the state for the holidays.

Prof. Hugh Norris is planning to spend the holidays near Houston, Tex., with his parents, and his wife and daughter are going to Whitewright for the holidays. Miss Stella Watson will visit her home in Texas. Miss Kate Knight will go to Memphis where she will meet her niece, Violet, and spend the holidays with relatives and friends.

Miss Mary Cunningham, secretary to the president, will visit relatives and friends at Allen. Mrs. Ruth Carter is making arrangements to visit Denison, Tex., and Miss Mattie Lyday will visit at Boswell, Okla. Miss Gertrude Montgomery is planning to visit at Whitewright, Texas.

Mrs. Willetta Emanuel is planning to leave tomorrow for Topeka, Kan., to visit over the holiday season. Miss Golden Williams will visit in Shawnee; Miss Reed Loving Watt will visit relatives at Oklahoma City. Other faculty members are

## NATIONAL GUARD UNIT DRAGS LAKE FOR MISSING MEN

Commanding Officer Silent on Further Plans of Guard Company.

### BODIES NOT FOUND

Supposed Guards Have Binding Orders to Protect Probe.

(By the Associated Press)  
MER ROUGE, La., Dec. 21. — The detachment of Louisiana national guards that lake yesterday dragged a part of Lake Lafourche about eight miles from here in an effort to locate the bodies of two men reported to have been murdered by a band of masked and white robed men last August, following the kidnapping of five prominent Mer Rouge citizens, was unsuccessful in its efforts, it was learned here this morning, when a second detachment was sent to the lake.

Capt. W. W. Cooper, commanding officer, questioned before his departure was reticent regarding the movement of the troops but said: "I am honor bound not to reveal our destination. You know of course that the work of dragging the lake is going forward. Other than that I have nothing to say."

Capt. Cooper has given orders to his men to be on the alert to repulse attempts of outsiders to interfere with diving operations. Reports were in currency that enemies of the movement would interfere. It is believed the orders of the guardsmen were to shoot to kill.

A chart prepared by a special investigating committee showing the location in the lake where the bodies presumably are weighted down with a wagon wheel, were thrown, and other information, is in the hands of those conducting the dragging and diving operations.

Certain positions on the lake have been guarded for a number of months and the bodies are believed to be resting close to the location outlined unless the slayers have succeeded in running the gauntlet of the guards and removing them.

### ALLEGED SLAYER GETS LIFE SENTENCE IN MURDER CASE

CLAREMORE, Okla., Dec. 21. — A verdict of guilty was brought in by a district court jury at 10:30 o'clock here today fixing life imprisonment as the punishment to be given Harvey J. Wilson, 22, for the murder of J. T. and J. F. Gaither, father and son, in a restaurant at Catoosa August 6. The case was given to the jury at 12:15 o'clock this morning.

### TWO MEN NOW UNDER CHARGES OF MURDER

OKEMAH, Dec. 21. — Charges of first degree murder were filed here today against Oscar Gaylor of Craig and Dick Roberts, a farmer living near Garrison City. They are charged with the murder of Bob Hughes, an Oklahoma prize fighter, who died in an hour and a half after a shooting which occurred near a restaurant in Garrison City Sunday night.

ADA HI GRIDSTERS  
READY FOR GAME

Return of First String Men  
Boost Hope for Locals  
in Henryetta Game.

With the return of several of the first string men to the game, Ada high school was looking forward this week to the Armistice Day game at Henryetta with the exception of continuing the big come-back staged in the game here Friday with McAlester.

Rayburn and Molloy will be in the game Saturday and with all the regulars recovered from injuries, Coach Cox believes his eleven will be at its best for the year. With the exception of one or two men, all the regulars showed marked improvement in the game Friday. Potts again started his line plunging with success and Hargis is hitting harder than he did earlier in the season.

Henryetta high school is also reported to be expecting results in the game. The local squad will have to defeat the Henryetta clan to establish a claim to the East Central Oklahoma title. Pauls Valley and Shawnee high schools are also claiming the title and Ada will play Pauls Valley a week from the Henryetta game.

While the Ada youngsters were tramping on McAlester 33 to 7 here Friday, Henryetta was celebrating a return to the game of its best men by stopping the strong eleven from Prague, 10 to 3. This was the strongest team Henryetta has played this year.

In previous games Henryetta has been defeated four times, losing to Eufaula 19 to 0, Muskogee 25 to 0, Seminole 15 to 13, and Okemah 41 to 9. Winning from Prague 10 to 3 and from Wetumka 16 to 13, the Ada opponents for this week, are confident of continuing a rally, that has extended over a period of three weeks.

Morris and Willoughby will be at their guard positions, Wright, King and Nettles will have it out for the tackle berths and Rayburn, Baker, Gregg and Burkhardt are putting up a hard fight for end positions. Smith will be in quarter, Potts at right half, Carr and Deavers contending for left half, and Hargis at full. In case King and Wright are used at tackles, Nettles will be available for the back field. He was a back field man last year and went in at tackle when King was out for several weeks on account of illness. Wright is also showing up well for the center position, and may be used to relieve Molloy for a part of the game.

TIGERS PREPARE  
TO MEET MINERS

Ada Teachers Ready for  
Armistice Day Fray  
With Wilburton.

Returning home satisfied with the strong showing made against Edmond Teachers last Friday, the Tigers today started the regular week's grind to prepare for the Armistice Day game with the Oklahoma School of Mines, of Wilburton, here this week. Wilburton Miners will bring one of the heaviest lines in the collegiate conference here Saturday in an effort to stop the fighting Tigers.

Coach M. Z. Thompson stated on his return from Edmond that for the first time this year his squad began playing team work. Although winning three out of five games, his men for the most part tried individual ball up to the game here last week, he said. The line was in its best form and the back-field are beginning to follow their interference, he said.

Entering the game last week with the expectation of being defeated, the Tigers played almost half the game before they discovered the weaknesses of the Edmond Teachers. After that period, the Central eleven was hard put to gain ground and the final score was 19 to 0. Tigers rallied in the last quarter, but too late to push the ball across the line.

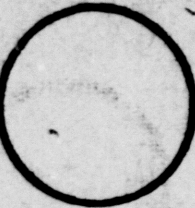

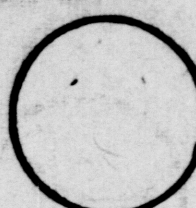

Ada has defeated the Wilburton Miners for the past three years and are prepared to do the same thing this year, Thompson said. He said today that of the four games remaining on his schedule, he expected to win at least three. This would make six games won out of nine played, the best showing on record for East Central.

Following the game Friday, Carver Eagles of Oklahoma City will be here and then comes the Dummies of Sulphur. Durant Teachers will furnish the last battle, to be played at Durant on the Durant gridiron November 30.

With more than 500 former service men, who are attending a vocational training school at Wilburton, to select a team from, the Wilburton coach is building a strong eleven. He is taring the same problem, however, that confronted Coach Thompson at the beginning of the season here—making a team out of green material. Dope is about even on the game here Saturday.

MIAMI.—Epworth plans have been made by the Miami post of the American Legion for the observance on November 11 of Armistice Day. The program will include a church service and will close with a dance.

HOW TO VOTE

Every elector is given an option of three ways of voting:

1st: He may stamp in the circle under the party emblem. A ballot so stamped should be counted as a vote for every candidate whose name appears under the emblem.

2nd: The voter may disregard the circle under the party emblems and stamp in the squares before the names of the individual candidates for whom he desires to vote.

3rd: The voter may mix these two methods. He can stamp in the circle under the party emblem and then stamp in the square before the names of the individual candidates appearing in other columns. A ballot so voted should be counted for all of the candidates of the party, under whose device the voter has stamped, except the candidates in front of whose names he has specifically stamped and should be counted for them.

"Dry Ohio voters welcome the contest on the amendment to the constitution permitting the sale of light wines and beer containing 2.75 per cent alcoholic content, and are not afraid of the verdict. Under prohibition, the banks of Ohio now have more deposits and depositors than at any previous period. This is true of savings banks, as well as state and national banks. The resources of the building and loan associations of the state are the greatest in history. This year, these

Six Reasons Why You  
Should Vote for

JOHN  
FIELDS  
FOR GOVERNOR  
Next Tuesday

1. He has devoted twenty-six years of his life to making better living conditions on the farms of Oklahoma.
2. He is alligned with no clan, click, league, church or other organizations which can tie his hands when elected.
3. He has promised to clean up the banking department, attempt to give back the depositors the money lost in failed state banks, and give an honest and industrious administration of the banking laws.
4. He is honest, conscientious, a good friend, a true citizen, who makes no idle boasts or hollow promises to get votes.
5. He as promised to be the governor of all the people, to appoint coalition boards, not to disturb the schools and to give to every child a full term's schooling each year. Free text books and better teachers and longer terms are his aims.

## SOB STUFF.

The Oklahoma City Times carries a sob editorial bawling the fact that the rod has been applied rather frequently in the schools of that city of late. Mighty bad, to be sure. Why not at least draw the line at a light slap on the wrist and cry "naughty, naughty" to some of the young scapegrace who had no respect for authority of any kind and none for grownups of either sex? We have a compulsory school law. We employ truant officers to round up those who are not in school and then if the teachers are not to be permitted to correct them there is nothing left except to turn them back on the streets to continue their course in devilment.

Of course whipping should be the very last resort and resorted to when everything else has failed, but occasionally a teacher finds a case where nothing else will answer the purpose. The Times advances the theory that in this enlightened age it is lack of resourcefulness and leadership when a teacher finds it necessary to enforce discipline with the rod. Very pretty in theory, just as is the theory that all the world should live up to the Times' Golden Rule, but in actual practice the sob stuff of the Times will not work. It is far better to use a little force at times and keep the refractory child in school and under good influences than to exel him and send him back to the gutter to complete his study of crime.

## A CHRISTIAN ACT

In our opinion the highest type of Christianity is that practiced by the Shriners in donating shoes to the needy school children of Ada. One of the main things taught by the Great Teacher, whose birth we celebrate and from whose name we get the name of Christmas, was that by serving the little children we serve Him.

A heart of stone would have been turned if a person had watched the little children receiving the shoes, donated by the Shriners. Some came with dilapidated oxfords, some with their toes sticking through the leather, and some well nigh barefooted. The smile of joy and gladness that would spread over their faces when they were fitted with substantial new shoes was wonderful. We envied A. W. Parker, Foster McSwain, Oscar Kimbrough, Prof. J. E. Hickman, H. B. Wilenzick and others who were fortunate enough to have a direct part in distributing the gifts, as well as all the Shriners who realize they are making the pleasure possible.

The colors and reflections one sees in soap bubbles are pretty, to be sure, and one may idle away many an hour admiring the visions he sees in them, but there is nothing substantial about them. In everyday life it is all right to indulge in day dreams at times, but the real hustler does not stop at mere dreams. He attempts to put the dreams into something concrete so that it will not vanish with the first whiff of air.

It is all very well to have a pull, but usually a fellow loses his hand hold sooner or later and then finds that the guy who depended on his own grit and efforts has the edge on him. There is a fish in the seas called the remora which attaches itself to other fish to be towed along instead of using his own powers of locomotion. A fine example of pull, but the fish has little to say about where he is carried.

The man who cares nothing for his work beyond just a means of existence never rises very high in the world. To such a man work is a form of slavery from which he would escape if possible. The successful man prides himself on being able to do his work better than most others and in trying to learn still more about it.

Tomorrow will be the shortest day of the year and the first day of winter, according to the almanac. The sun will then begin his six months journey northward and in time chase old man winter from the northern hemisphere for a season.

Creating a savings account is like utilizing fair weather to put a roof on the house to keep out the rain which reason tells one will come sooner or later. In both cases the result is the same.

Ada is fast becoming a distributing center. The location and expansion of local wholesale houses helps to bring money to the city and advertise it to the surrounding section of the state. Other things being anything like equal, we should buy the things manufactured here or distributed by local concerns.

The Christmas spirit does much for the world. Petty pealousies are often forgotten in the Christmas times.

## RESEARCH WORK BRINGS RESULT

### Evidence of Prehistoric Reptiles Found on Nebraska Farms.

(By the Associated Press)  
NEW YORK, Dec. 21. —Fragments of evidence of unclassified prehistoric rodents and reptiles have been found by Albert Thompson, paleontologist, in the ranchlands of Nebraska, where in former years research workers have uncovered the remains of mastodons, rhinoceroses, giant camels, alligators, dwarf horses and other queer beasts. The bones of the strange animals were uncovered on a ranch in Sioux county while Mr. Thompson who is a member of the paleontological research staff of the American Museum of Natural History, was searching for skeletons of three toed dwarf horses.

Mr. Thompson began the study of paleontology while employed as a cowboy in the Dakota Bad Lands more than thirty years ago. He was especially interested in the remains of the three-toed horse and other types of beasts of the same family. In the interest of this work he went to Nebraska early last summer. Aided by several students he began digging in a channel bed that appeared to be rich in bones of all sorts. He found bits of the dwarf horse, of the alligator and of other animals, and then he came upon pieces of skulls the character of which was new to him.

He delved further in an effort to uncover complete skeletons. His students helpers returned to their schools and he kept on alone, but had no further success.

Bad weather finally set in and Mr. Thompson was compelled to abandon his work. He had, however, collected hundreds of bones and skulls of great research value. He plans to return to Sioux county next year and resume work in the channel bed.

"Western Nebraska undoubtedly is the richest field in America for this sort of work," said Mr. Thompson recently and we hope to make startling discoveries in the next two or three years. I shall return next summer and make an effort to find complete skeletons of the strange type of rodents and reptiles of which we have fragments."

## Iroquoise Indians Bury Hatchet for Peace in Canada

(By the Associated Press)  
TORONTO, Dec. 21. —The Iroquois Indians have made peace with the Dominion government. Threats of migration to the reservations of the nation in the United States, because the Dominion would not recognize the red men as an independent nation, have been forgotten. The hatchet was buried and the peace pipe was smoked at Ohsweken early in December.

Chief Lesckaheh, leader of the faction fighting for independence, carried the issue to the council house of the nation, but accepted defeat stoically when the other chiefs at the pow-wow outvoted him. He and his followers had maintained that their grievances were properly matters for an international court of law, their independence having been recognized by a British sovereign.

Leaders of the Loyalists, the winning faction at Ohsweken, were chiefly from the Christian tribes of the Mohawks and Delawares. They were satisfied with the outcome at

the pow-wow, but now propose to go even further. Their tribes have virtually no representation on the hereditary council. The Loyalists, it is announced, with work for an elective council, "to conform with the democratic trend of the times and to do away with a remnant of feudalism."

## FISHERMEN FIND NEW SPECIES IN PERUVIAN WATERS

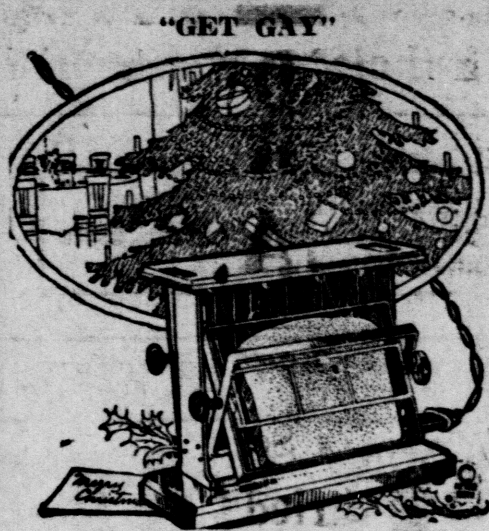

LIMA, Peru.—The tidal waves which recently devastated parts of coast of Chile cast upon the beach at the same time a strange denizen of the deep whose like has not been seen in these waters in many years. It would appear to be a cross between a whale and a turtle.

Fishermen at Lurin, 25 miles from Lima, reported a huge cetacean floundering in the shallow waters of the bay. Then they sent out word it was an unknown monster of the sea, and that they had killed it.

The director of the Natural History Museum of the University of San Marcos and the official taxidermist made a trip to Lurin for the purpose of studying and classifying the strange visitor. They found an animal with the body of a whale, but with a head and extremities resembling those of a turtle. After examination they came to the conclusion that it belonged to the family of "Baleenidae" cetaceans, inhabiting the South Pacific waters. It is supposed that it was carried along by the Humboldt current and thrown up on the beach by the tremendous surfs following the tidal waves of the Chilean earthquake.

The specimen will be brought back to Lima for mounting and will be preserved in the University museum.

A Poem

It is past twelve.  
I walk, unguarding my steps,  
And all around me looms a master-  
night.Whose velvet tissues are wove  
compact  
With such exquisite workmanship,  
It seems the profile of a sculpture  
castIn supernatural light, by some col-  
ossal hand.  
Expressionless, save the fine old  
broodingSo dim defined upon its mist-  
enhalowed brow,  
The indolence of rare Castilian  
guitarsIs blent with soothing romance  
moods,  
Which catch their languid cues  
from the droll windsThat mince old gardens by old man-  
sions.  
Slowly, slower than the sweet  
trailing of soulful violet dulce,There is an alternate swelling in  
my heart,  
A music rising, more voluptuous  
than the madrigalsOf wild Aeolus behind the bridal  
train  
Of some Olympian celebrity.  
I am all harmony, of such a  
HarmonyBorn only where romantic beauty  
is quietly found.  
The deep ravine,  
With jagged ruts, and pitch-black  
thicknessFrom whose weird depths the fire-  
eyed scrutiny  
Of carcass-eroded wolves is pierc-  
ing me,Has not moved me to fear.  
I am lost, lost, lost, lost  
In recapitulations of old and van-  
quished hopes,And their resultant fears, argumen-  
ted  
By an emotional hopelessness,  
But tempered by the gratifying  
knowledgeThat my own insular dot upon this  
cloud among the voids  
Is disgustingly diminutive,  
And that my woes, alongside the  
turmoils of the mighty millionsWhich are themselves infinitesimally  
tiny  
When held in the light of the  
voltage vastnesses,Are petty as a candle brandished  
in the sun.  
Thus with enough of Poison to  
arouse the dormant vein,Proportioned with this counteract-  
ing agent,  
My mind is Music,  
My heart is Love,My soul is Harmony.  
—Welborn Hope

## For the "Mister" Side of Your Gift List

It frequently presents the most gift difficulties be-  
cause—well you know that other women will enjoy  
the same things you do, but men are different, and  
so quiet too about what they want. Gloves will please  
them, though, ties, mufflers, handkerchiefs and the  
like are very expressive.

## LABOR ARMY IN AUSTRIA MENACE

Despite Military Censor the Labor Army is Very Well Equipped.

(By the Associated Press)

VIENNA, Dec. 21. — Besides its little standing army of about 25,000 men and its state gendarmerie, Austria has two other armed and organized forces, both irregular and both probably without the pale of the Treaty. In the opinion of many observers here the last two mentioned organizations may lead to trouble. They are the admittedly well armed labor battalions of the provinces.

The latter are composed largely of the peasants and lesser professional classes and ex-officers, and are particularly strong in Styria and the Tyrol. Just how and where they got arms, ammunition and equipment is not known. The Allied Military Control Commission was supposed to have stripped the country of military material, but the fact remains that both these organizations are fully equipped and number many thousands. Recently the police found in one of the "heimwehr" headquarters not only guns and loaded clubs but hand grenades and poison gases.

Incidents in Styria recently showed the danger of these factions. In one case strikers captured and disarmed gendarmes sent to subdue disturbances, whereupon the governor of the province ordered out the local detachments of the army. The army is preponderantly socialist and sympathetic with the workers, but the soldiers obeyed orders, subdued the trouble makers, and released the policemen. The explanation is found in the fact that the governor had, at the same time, assembled 200 of his "heimwehr" and put them behind the soldiery to see they did what they were told to do.

The two forces narrowly avoided a serious clash recently in Judenburg, Styria, and this incident showed even more clearly the latent danger that lies in this condition of affairs. Workmen from some factories entered the homes of "heimwehr" peasants at night and seized their arms. They were arrested in turn, and when a first demand for their release was refused, nearly 2,000 workmen, militarily armed and organized, assembled and marched on the town. Gendarmes were mobilized, reinforced by students from the two state universities there, and for two days the two forces faced each other over a little bridge. Then the government ordered the release of the arrested men, and further trouble was avoided.

The recent disclosure that the large industrial concerns of Austria are paying to their central body a regular tax greater than their state tax, for the maintenance of "technical men", which is merely a disguise for strike breakers and secret police, has not served to lessen the ill feeling of the workmen, and this condition is used by them as a justification for their own organizations.

## Mussolini Ardent Worker in Role of Dictator of Italy

(By the Associated Press)

ROME, Dec. 21. — Benito Mussolini, the man who at thirty-eight years of age has become virtually the legal dictator of Italy, has a great capacity for work. Since he assumed charge of the Ministries of Foreign Affairs and the Interior, Mussolini has averaged over eighteen hours of hard work every day. At his desk promptly at the stroke of eight, he is still busy at midnight attending to the business of the two most important ministries in his government.

During the eighteen months in which he was engaged in the organization of the Fascismo movement, culminating in the peaceful entrance of a hundred thousand of his followers into Rome October 31st, Mussolini worked an average of twelve hours every day, including Sundays.

Mussolini eats little and drinks less. He sleeps about five or six hours out of the twenty-four. His beverage is a light Italian wine with about fifty percent of water added.

His favorite recreations are fencing and walking, and he is said to be a chess player of no mean ability.

Italy's man of the hour was an enthusiastic advocate of his country's entrance into the world war on the side of the Allies. He served as a corporal until wounded so severely that he had to be sent to the rear as unfit for further active duty. It is said that his body bears the scars of one hundred and twenty wounds, caused by a shell splinters and shrapnel.

## JAPANESE RICE PRODUCTION PLACED ABOVE NORMAL

(By the Associated Press)

TOKIO, Dec. 21. — The department of agriculture and commerce has published the second estimate of this year's rice harvest which is put at 60,584,108 koku, showing a decrease of 2,054,648 koku or 3.3 percent compared with the first estimate published in September. The second estimate shows an increase of 5,401,894 koku or 9.8 percent over last year's harvest of an increase of 3,568,306 koku or 6.3 percent on the average for the last seven years.

## Rendezvous With Death Mystery to Authorities

Nadine Lingenfelter and Vaden E. Boge, who kept the "rendezvous with death."

(By Central Press)

LOS ANGELES, Dec. 21. — "I have a rendezvous with death," said Alan Seeger.

Vaden E. Boge also had a rendezvous with death. And each had sworn, "I shall not fail that rendezvous." Each kept it.

But there the similarity ends. Seeger's came "at midnight in some flaming town" in France, a martyr to the great cause of liberty; Boge's at high noon in a fashionable hotel here, just why, police haven't been able to ascertain.

Boge came to Los Angeles from Hillsboro, Ore., and stayed at the residence of Mrs. Ida Lingenfelter and her beautiful fifteen-year-old daughter, Nadine. They were distant relatives.

For three days, morose, he seldom left the house. The fourth day he left.

At 9:15 he approached the desk in the Alexandra hotel and registered as—V. E. Boge and wife, Hillsboro, Ore.

He was alone and without baggage, but explained to the clerk that his wife and luggage would be along later. He went to his room.

Two hours and forty-five minutes later he phoned from his room for luncheon for two, to be served there. He took the tray from the waiter at the door.

When the body was discovered it lay near the table. Both luncheon were partly consumed. Apparently two had lunched. A quantity of cyanide of potassium was found in the coffee cup on the side

of the table where Boge, apparently, had been sitting. But no container was found in the room.

Suicide, accident or murder? Police were called. They investigated. But the question remains unanswered.

The result of their investigations shows that Boge was unmarried; not attentive to any woman, in public at least; that he knew no one in this city but the Lingenfelters.

Miss Lingenfelter told police that Boge had been friendly with her, but declared that they had never been betrothed.

Police did learn, however, that Boge purchased the poison before he came to the hotel. But nevertheless police are stumped and there questions remain unanswered.

Why did Boge register his "wife" when, in reality, so far as has been determined, he never was married?

Did he expect some girl to keep a love tryst with him that fatal afternoon?

Did this woman of ghostly mystery actually enter his room and sit beside him at his lethal banquet?

It so, how did she enter and how did she leave unobserved?

Did Boge, sitting across the table from this woman of mystery, dramatically threaten to kill himself over some mischance of love, and did he, before the eyes of the woman, pour into his coffee the deadly poison?

What happened to the paper package in which the cyanide was contained?

## TIGERS DEFEAT AGGIE CAGERS

Thompson Announces Schedule for Basketball Year.

In a hotly contested caging affair at the college gymnasium Wednesday night, the East Central Tigers trampled the Murray Aggies 13 to 11, the second athletic victory for East Central over the school this year. Coach Thompson's football team won a 10 to 0 victory in football from the Aggies.

Thompson used all his varsity men in the game. This was the first time he had played against a college team and the close score is evidence enough of the battle waged by the two quintets.

Little, Warner, Miller, Kelley, Newton, Evans, Johnson and White were in the game for East Central. Strenuous work by guards of both teams and the inability of forwards to take advantage of breaks was responsible for the low score.

Thompson will open his official schedule early in January. He has twenty-three games scheduled, including Phillips, Oklahoma City college. Durant Teachers, Edmond Teachers, Baptist University, Tonkawa prep, Weatherford Teachers, Alva Teachers, Wilburton Miners, and Chillico Indians.

Several trips will be taken, including two trips on which from 4 to 6 games will be played. The schedule follows:

## OLD SAINT NICK NOT SO MUCH OF MYTH IN ALASKA

(By the Associated Press)

WASHINGTON, Dec. 21. — Old Saint Nick, with his packed sled and harnessed reindeer, prancing over the country with jingling bells and digging his way through piled snow drifts, is not so mythical after all—for he really does appear to many people just that way.

It is in Alaska, where Uncle Sam's mails are delivered in winter by fur-clad carriers riding in reindeer drawn sleds to the tune of merry chimes. Far away places in Alaska get few deliveries of mail, but the schedule is nearly always arranged so that each pioneer camp in out of the way places where the deep snow prevents much intercourse with the outer world gets its Christmas mail near the holidays.

Guards Frustrate Attempt of Men to Loot Distillery

PEORIA, Ill., Dec. 21. —A spectacular gun battle in a busy street here this morning resulted from a clash between guards at the Woolner Distillery and a band of men believed to have attempted to loot the place.

The attack was frustrated by guards who fought a gang of ten men. An automobile and truck was used by the raiders and roused the suspicions of the guards.

When the guards asked the men their business, the raiders opened fire, which was immediately returned. One man was seen to stagger back as if struck. The bandits fled in the car and truck.

OFFICIALS WARN  
OF TAX SCHEME

Put Stamp on Contracts of Parties to Reclaim Tax Payments.

Don't sign any contract that involves an expense for getting back state taxes which have been paid, is the advice given by officials here. The matter was brought to the attention of officials when parties wanted to make an agreement with D. W. Swaffar and Nick Heard, county treasurer and assessor respectively, whereby they were to assist in getting back the state taxes paid in 1921 and receive a part of such taxes for their work. They turned the matter down cold and are doing what they can to protect the taxpayers.

The matter comes up as a result of the state two mill levy of 1920 having been declared illegal. As a result of this ruling, the big companies have instituted suit and recovered these taxes, whereas the small taxpayer has let the matter alone, realizing that the cost of a suit would be more than the taxes would amount to. J. C. Looney, state senator elect from this district says he feels certain the next legislature will appropriate funds to reimburse these small taxpayers and it will cost them nothing to get the money back.

The matter is brought up in order to let the citizens know the real status of the affair. The contract, which is reported to have been used in other counties is substantially as follows:

This Contract, made on this the day of —, 19—, between party of the first part and — party of the second part.

Witnesseth: Party of the second part has this day employed party of the first part to ascertain and recover such amount of illegal tax as was paid by party of the second part for the taxable year of 1920, it being understood that a portion of the State levy for the taxes for the year 1920 was illegal but that party of the second part was required to and did pay to the County Treasurer of — County, Oklahoma, certain amount of taxes on account of said illegal state levy. The exact amount of which is not known to either of the parties hereto at this time.

Party of the second part agrees to pay to party of the first part of all taxes which may be recovered by party of the first part on account of said illegal levy and collection thereof and agrees to pay the same whether said taxes be collected by suit, compromise, legislative enactment or otherwise.

In Witness Whereof, the parties have hereunto set their hands on the day of the year first above written.

Party of the First part.

Party of the Second part.

## OIL NEWS

Smith and Lee have spudded in for the George Wade well No. 3 in section 3-4-7 in the Francis pool. This well is proved territory and ought to be a good producer.

The same company has cleaned out the Chism No. 1 and spudded it. It is now pumping 40 barrels a day of 36 degree gravity oil.

This company is constructing a pip line from Francis to Allen and will sell the output to one of the Allen refineries, according to information learned here this morning. The output of the Francis territory is becoming quite large and the oil is a good grade. More activity is expected in all directions from Francis within the next few months, and the little railroad town is expected to boom as a result.

Bowles, Smith and others are ready to begin drilling on their test on the C. W. Stringer farm in section 34-5-6, near the New Bethel school house. Gas connections with the pipe line of the American Oil & Refining Company at Byng has been made, and the fuel problem is taken care of.

O. E. Lancaster and others will begin drilling on their test on the Norris farm in section 35-4-6, just east of Ada. Gas connections are being made and the well is expected to go down without other delays.

## FRIE MENTIONED AS CHIEF OF CHEROKEE INDIAN TRIBE

(By the Associated Press)

MUSKOGEE, Dec. 21. —It was officially announced today that Senator Ed Frie, prominent attorney of Salisaw, and member of the upper house of the Oklahoma legislature, had been confirmed by the secretary of the interior for the appointment of principal chief of the Cherokee Indians. He succeeded Levi Gritts of Muskogee. Senator Frie will take office at an early date, it was said today. Senator Frie was recommended several months ago by Major M. Locke, Jr., superintendent of the five civilized tribes.

## Conference World Powers Suggested by Senator Borah

WASHINGTON, Dec. —A conference of world powers to consider economic question to be called by President Harding, for discussion of possible agreements to establish more stable financial and business conditions, and also to bring about a reduction in land and sea armament, was proposed by Senator Borah, republican, Idaho in an amendment offered today to the pending naval appropriation bill.

Senator Borah's amendment would request the president to invite such governments as he thought should participate in the proposed conference.

## KING ALBERT GETS COSTLY GIFTS FROM ABYSSINIA

BRUSSELS, Dec. 21. —A number of costly gifts, including a set of harness mounted in gold and enriched with precious stones, have been presented to King Albert by Ras

Taffari, regent of Abyssinia. Among the gifts were also many shields and sabres, one of the shields formerly belonging to Emperor Menelik and used by him at the battle of Adowa. Similar gifts were sent from Abyssinia to the late Emperor Nicholas, of Russia, when he recognized Abyssinian independence.

## Educator Outlines Program for Ratio of Movie and Stage

NORTHAMPTON, Mass., Dec. 21. —Something in the nature of a gentlemen's agreement between motion picture exhibitors and those interested in the spoken drama is suggested as a solution of the community theatre problem by Samuel A. Eliot, Jr., assistant professor of English at Smith college. Mr. Eliot is the author of several one-act plays and was active in the community theatre venture of the Northampton Players, which attracted wide attention a few years ago.

Expressing in a recent letter to the Daily Hampshire Gazette a hope for a revival of a community repertory company in Northampton has a population of 22,000—the amusement time of the municipal auditorium might profitably be divided equally between the play and the movies.

"It seems certain," he said, "that the Academy of Music is too large or Northampton too small to support more than one play out of ten through as many repertories as the Northampton Players used to give. Three or four performances enough. And the patrons of the movies have their rights as well and should, I think, be given a full half of the time."

"The movies are highly profitable and, if the latter half of each week were regularly devoted to them, they ought to bring in enough money to offset possible losses on plays acted by a permanent company in the first half of the week. This company would thus have the equivalent of ten days, not six, in which to prepare each new production—no small advantage to their art."

## MAN ON TRIAL CHARGED WITH MURDER, CONVICTED

KANSAS CITY, Kan., Dec. 21.—Tony Diello, on trial for the slaying of his 11 year old daughter, Flora, was found guilty of murder in the second degree by a jury in the Wyandotte county district court today.

The crime is punishable by commitment in the state penitentiary of not less than ten years. Judge E. L. Fischer said he would announce the sentence later.

### Chicago Girl Youngest Member of Illinois Bar

Miss Blanche B. Aronin.

CHICAGO, Dec. 21.—Blanche B. Aronin had to wait six months until she became of age before she could take the state bar examination. But now she has passed and has been admitted to the bar—the youngest woman ever admitted to the bar in Illinois.

She was one of the eighty-four candidates out of 177 applicants who successfully passed the examination held here and which was certified to the supreme court by the board of law examiners. In this

### High School News

By Jeoraldan Lee

Assembly exercises Tuesday morning were in charge of Prof. J. L. German of the English department. The program rendered was as follows:

A talk on social work among immigrants—Faye Laird.

Discussion: Resolved that the United States would benefit industrially by further restricting immigration—Affirmative by Joy Pegg and negative by Bob Naylor.

Reading—Dixie Lee Russell. This was an original reading taken from Barbara Worth.

Piano Solo—Kathryn Wilenzick.

Brass quartette—Harold Allen, Harold McKelvey, John William Moore and Dick Simpson.

Wednesday has been set aside for pastors of the city. Rev. R. G. Davis of the First Christian church visited the high school Wednesday and conducted the assembly exercises. This was his first appearance before the student body and his discussion was very much appreciated.

He talked on the subject "Value of Thorough Preparation." Prof. W. A. Hill, principal of the high school, informed Rev. Davis that his visits need not be confined to pastors' day alone, but that he would be welcome at any time.

Students in all classes are undergoing an extensive three weeks review in preparation for the final examinations for the first semester which ends in January. There will be a large number of exemptions and students are working hard to maintain their credit standing at the end of the semester, instructors report.

## Don't Grow Old Before Your Husband

Science Now Shows What Often Causes Premature Loss of Youth, Beauty and Attractiveness and Makes Women Fretful, Nervous and Run-Down

If Your Face Is Haggard, Thin and Pale, Try at Our Expense, This Simple Home Remedy Which Often Makes Women Look and Feel Years Younger and Surprisingly Increases Strength and Energy

Thousands of women are like the woman in this picture. They have grown old much more rapidly than their husbands. The roses have faded from their cheeks, they are weak, pale and careworn at a time of life when they should still be filled with buoyant health and radiant with youthful beauty—pale, thin, watery blood has fastened its grip upon them and is gradually sapping their health, vitality and beauty. In most cases men safeguard their health better than women by eating coarser foods, being more out of doors and leading more active lives, therefore keeping their blood stream strong and vigorous. For want of good blood a woman may look old and feel old at thirty; pale, haggard and all run-down—while at fifty or sixty, with good health and plenty of rich, red blood, she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age.

For the purpose of enriching the blood and helping to create millions of new red blood cells, there is nothing like good old Nuxated Iron. Physicians usually prescribe two five-grain tablets after meals. Nuxated Iron directly increases the activity of the blood making organs and supplies true red blood food, thus increasing the power of the body to transform lifeless food matter into living cells, flesh and tissue.
